Change

BEST PRACTICE GUIDELINES 2

- Outline has been circulated
- Confirmed authors: Manola(+Alba), Antonia(+Clara), Yuri, Jürg
- Additional contributors are welcome (we probably need someone from Lot 2 for Sect. 2.4 – Data submission and consolidation)
- Would be good to have external reviewers
- First draft: **31 August**
Second draft: **31 October**
Review: **31 January 2020**
Submission: **31 March 2020**

STATION EXCHANGE FORMAT

<https://github.com/C3S-Data-Rescue-Lot1-WP3/SEF/wiki>

- Currently tested by several data rescuers (Ed Hawkins, Vicky Slonosky, ...) and by Lot 2
- Discussion channel #sef created on the Slack forum (<https://climatedatarescue.slack.com/messages/CJ1SRCS75/>)
- R formatting software maintained by Yuri (<https://github.com/C3S-Data-Rescue-Lot1-WP3/SEF>), Python software by Breno (<https://github.com/C3S-Data-Rescue-Lot1-WP3/SEF-Python>)
- Release of 'operative' SEF version expected in autumn

DIGITIZATION PORTAL

- Currently figuring out the required CMS for ECMWF hosting (B-Open preference would be Plone - <https://plone.org/>)
- B-Open is organising a call with the relevant person in the next days. Yuri will also join.
